PROFIL

Database & AI Student | Aspiring Data Infrastructure Engineer Dynamic and passionate aspiring data infrastructure engineer with a strong foundation in database technology, including SQL, PL/SQL 12c, and SQL Server. I am also familiar with several programming languages, such as Java, C++, HTML, CSS, and C#, at a junior level. My passion for technology has led me to explore essential AI concepts like machine learning, neural networks, and natural language processing. I am actively seeking an internship in data infrastructure or database technology that will allow me to gain hands-on experience and contribute to innovative projects in the field.
